As a member of McGrath Family Farm CSA, I understand that I am making a commitment to support a regional farmer and to share in the rewards and risks of the farmer's harvests. I agree to pay my subscription in full in advance of the session. I am contracting to receive a designated share of weekly produce available in either option 1 or 2. I understand that my share does not guarantee me an exact amount or selection of produce. I also understand that my payments are non-refundable. It is my responsibility to pick up my share weekly at the designated time and place.

Recycling is highly promoted in this program. Our goal will be to reuse each box as many times as possible. I also understand that McGrath Farms will do their best at providing the freshest vegetables as weather and seasons permit, and due to the forces of Mother Nature, I understand that nothing is guaranteed. We share in the risk (weather, pests, etc.). McGrath Family Farms promises to grow the crops with the best sustainable practices.
